Describe the organization:

Describe your membership:

HPF urgent action grants are intended to support social change (vs social service).  
What is the root cause of systemic inequity being addressed by this proposal?

Describe the urgent threat or critical opportunity.

Explain your organization's proposed response to this critical opportunity. How are those most affected involved in crafting/shaping/leading this response? List other groups you may be collaborating with. What are your expected results or outcomes from these actions? How will you measure the results/outcomes from these actions?

HPF funds social change organizations that involve its core constituencies at all levels of leadership and decision-making, and works collaboratively in building a collective movement. Please share how community members are involved and impacted by your organization's work, and approximately how many people will be served through your proposal.

What is the amount of the request? How will the money be used?  
(Download & Complete Request Budget and Org Budget templates)

What is your current annual budget (projected expense/anticipated income)?

Could your proposal be funded in our upcoming open application period (March 15 - April 30)? If not, why?
